Dale & Tara Denney

Dear Mr. & Mrs. Denney,

Thank you for contacting me about House Bill 343. I value your comments and concerns and appreciate the opportunity to respond.

As you may know, this legislation would call for agencies such as the Idaho Fish & Game to take action on wolves that are killing livestock and disturbing the peace of nearby citizens. I believe this is both an economic and public health issue, and that these wolves were placed in Idaho over the objections of Idaho's congressional delegation, Governor and state legislature. They are not native to our state and it is time that our citizens had the tools required to deal with this growing problem.

You will be pleased to know I voted in favor of this bill, and the bill passed the Senate Again, thank you for contacting me. I appreciate hearing from you on this important matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "John McGee".
